About the Omelet Manga.

The Omelet was famous in Vol. 3 and was very popular across the nation.
Therefore, he drew it again. Three years this time.
The hero is once again... him.
But instead I also want to draw people's dreams.
It is quite a challenge.

By the way, the content of the first half comes from my life experiences.
Many of you must have experienced the same thing during your early childhood.
How nostalgic.
Just I don't see that every story does, indeed though.
That's good.
Since my big interest is to draw dogs,
I'd like best to improve my skills.

**I am

☺ I've moved to a new home because I wanted a larger work area. Even though I was very sad to leave my old neighborhood, I'm very happy to be in a new environment. To think that new memories will grow from this new place... it's quite exciting. I'm thinking of taking a little break for now and enjoying the scenery of my new neighborhood during the meantime.
